Open June 1st. New buildings, Hot and Cold Mineral Water Baths, Reitting and furnishing generally, Bowling Alley, good Livery, first-class fare and service with a railroad running to the Hotel door, together with the free use of this famous water, make this a most pleasant and desirable place to spend the summer. A train will make close connection with all day trains on the R. & D. R. R. at Clarksville, and passengers taken without delay to the Springs. Two mails daily. Terms reasonable. Write for pamphlet. Dr. F. S. Wheeler, resident physician.  
 M. L. OGLEBY,  
 Manager.

june 17-4\*

**Grand Central Hotel,**  
 Asheville, N. C.

Located in the business centre of the city. It is headquarters for travelling men. The rooms and the tables of this Hotel are good and the board very moderate. It is on the street car line, direct to the depot. It is situated on both sides of Patton avenue, connected by a picturesque bridge over the street. This is decidedly, from most considerations that would actuate men, the most desirable Hotel to stop at in the city.  
 Terms:—\$1.50 to \$2.00 per day; \$7.00 to \$10.00 per week. Special rates to families.  
 S. B. CHEDESTER & SON,  
 Proprietors.

# THE NORTH CAROLINA STEEL AND IRON CO.

GREENSBORO, N. C.

**OFFICERS:** President, James A. Odell; Vice-President, Julian S. Carr; General Manager, J. J. Newman; Treasurer, S. H. Wiley; Secretary, Chas. D. Benbow; Financial Agent, Robert T. Gray; Attorney, Theo. F. Klutts. **EXECUTIVE AND FINANCE COMMITTEE—**James A. Odell, D. W. C. Benbow, Julius A. Gray. **DIRECTORS—**A. B. Andrews, Second Vice-President R. & D. R. Co., Raleigh; James A. Odell, President Odell Hardware Co., Greensboro, N. C.; Julius A. Gray, President Cape Fear & Yadkin Valley Railway Company, Greensboro, N. C.; Theo. F. Klutts, Attorney-at-Law, and President Yadkin Railroad Company, Salisbury, N. C.; Julian S. Carr, President Blackwell's Durham Tobacco Company, Durham, N. C.; D. W. C. Benbow, Greensboro, N. C., Robert T. Gray, Attorney-at-Law, Raleigh, N. C.

The Company owns the Famous "Ore Hill" Property, in Chatham Co., N. C., that has been noted as an iron property for more than a century. Ores from it were used in the manufacture of iron during the Revolutionary war. During the late civil war the Confederate Government selected this locality as the site of large iron and ordnance works, because of the exceptionally High Grade of its Ores. The lack of railroad facilities has made impossible, hitherto, the profitable utilization of these ores on any large scale. The locality is now, however, made accessible by the Cape Fear and Yadkin Valley Railroad, which passes through the property. Some of the most noted iron men in America have examined and reported on these ores, and so far as the directors of this company know, there has never been an expert report on it that was not highly favorable. Prof. Chas. D. Wilber, inspector of mines and mineral lands, formerly State Geologist of Illinois and mining expert for the Northern Pacific R. R., visited Ore Hill in 1884. Extracts from his report and the opinions of Dr. E. Emmons, formerly State Geologist of North Carolina; Prof. W. C. Kerr, State Geologist; Prof. F. A. Genth, of Philadelphia; S. A. Richards, formerly Superintendent of the Joliet Steel Company; Mr. Thomas Graham, a prominent iron manufacturer of Philadelphia, and others, are published in the Company's prospectus.

The "Manufacturer's Record," of Baltimore, having learned of the proposed organization of this company, investigated, on its own account, the Ore Hill Tract. The report of the expert, Mr. Thomas P. Williams, M. E., is also given in the prospectus.

Greensboro, the location of the North Carolina Steel and Iron Works, has a population now of 7,000, is the capital of Guilford County. It is the junction of three railroads. It is most favorably situated and climate genial and healthful. It has already 37 industrial institutions and 100 wholesale and retail stores. During the past five years Greensboro has doubled in population. No effort has ever been made to stimulate its growth beyond the usual exertions of legitimate business. It is beyond all question the most central, healthy and desirable for all kinds of trade and manufacturing as any spot in the United States.

Before announcing its purpose, the Company, through its agents, secured options on about 2,500 acres of very desirable property adjacent to Greensboro, some of it being within the corporate limits, and the whole of it being in a solid body. About 1,500 acres have already been purchased, and the remainder is being taken up as the options expire. The whole of it has been secured at an average price of \$35.00 an acre. This is no more than has been paid for the town site lands on which most of the industrial towns of the South have been built up, and in comparison with which this has the immeasurable advantages of

And facilities unexcelled by any of them; an active, progressive town of 7,000 to start with. Water-works, gas works, electric light works, paved streets, churches and schools, elegant houses, an established society, and all the attractions that pertain to an old community.

THE SURVEY of the Town Lots is now progressing, and it is expected that the Company will have a sale of lots soon as survey is completed. Extra inducements will be offered by the Company to any kind of industry that will locate on the Company's lands, and

Will be donated. Greensboro is destined to equal any of the Southern towns in push, energy and success. It is confidently expected that there will be 25,000 inhabitants here in five years.

LAND SALES—Judging from the experience of other development enterprises, it would seem to be within a reasonable and and conservative limit to expect within two years to realize from sales of lots, covering a comparatively small part of the total area of land purchased, an aggregate sum

This, when added to the expected profit from the Company's furnaces and other works, makes the opening for the investment of capital one of the most inviting that has been presented to the public since the beginning of the present industrial era in the South.

**THE COMPANY WILL BUILD AT ONCE TWO 75 TON FURNACES,**  
 —ONE TO MAKE—

**BESSEMER IRON AND THE OTHER MILL AND FOUNDRY IRON.**

**SUCCESS—**There is no doubt as to the success of the Company. This is purely a North Carolina industry, and there is no reason why the State cannot become one of the great iron producers of the country. People of North Carolina! Look at what your sister States are doing. You can do as well, if not better, if you only have confidence in what you have got. Subscribe liberally to the stock and trust the men who are at the head of the Company.

Their names alone is a sufficient guarantee as to the reliability and successful management; this, also, backed by the fostering interests of the Cape Fear & Yadkin Valley, and Richmond & Danville Railroads.

**THE CAPITAL STOCK OF THE COMPANY IS \$1,000,000.**

Large subscriptions have already been received at par. None of the stock will be sold at less than par. The proceeds will go into the Treasury, to be used for development purposes, with a view to making valuable the company lands, and be paid to the shareholder in pro-rata dividends. This is better and surer for the shareholders than to sell the stock at less than par, give away a town lot with it and thus create a wild-cat excitement in drawing for the lots. The lots will be sold for the Company's Treasury, and the proceeds go to developments, encouraging manufacturers to locate and paying dividends. For particulars as to time of payment, &c., address

**THE COMPANY,**  
 GREENSBORO N. C.
